

HARDING'S PRAISES SUNG BY OPIE READ

A Man's Man, He Writes,
Describing Chautauqua
Trip Together

CHICAGO, Oct. 12.—"The only way to know a man is to travel with him," Opie Read, noted writer, traveler and lecturer.

In 1908, he travelled with Warren Harding on the Chautauqua circuit through Missouri, Iowa, Wisconsin and Minnesota, and in a recent issue of the Chicago Daily Journal he sets down the impressions of the man which he gathered on the trip.

"The travel was not easy," he begins. "But in a rattle-trap vehicle, in rain-storm, dragging through the mud-holes of a prairie, he was always the same genial, thoughtful and kindly man."

"He did not strive to be impressive, neither in private talk nor on the platform. In no way did he attempt to be different from other men."

"Among men of the world he was thoroughly at home, and in his colloquy he would burn tobacco strong enough to take the kinks out of Jack Johnson's hair."

Harding at that time had no Presidential aspirations, according to Opie Read. Only once on the trip was the subject mentioned, he says. "It was at a 'hop-up' lunch counter when Mr. Harding, who always travelled with him, turned and said:

"Warren when are you going to be President?"

"He laughed," says the author. "Perhaps it was an old joke, and that show of mirthful recognition on his part was expected of him. But, really, when are you?" she insisted."

"Not before I am a senator," he replied. Recounting a little incident that occurred at a Missouri way station, Mr. Read writes of Samuel Parks, a famous preacher, who was traveling with them, remarked: Harding, I notice that there's very little idealism about you."

"Well, I don't let it interfere with my sanity," he replied. "Discovering early that I was a genius, I have cultivated my common sense. You are a genius and win men with the music of thought. My ideas have no tune."

Afterward, Mr. Read writes, Harding remarked that he classed eloquence as music rather than logic.

Mr. Read also writes of a similarity to McKinley to which wide attention has been called. But there are also many differences, he adds, saying:

"McKinley had no habits. He was short, on a Lincoln sense of humor. Harding has corner grocery habits, man habits, and roars over a good story. He is the sort of participant that you would like to have along when you go fishing. He would not shrink his share of camp drudgery."

Summing up his impressions, Mr. Read says:

"Of Harding, the politician, I may know but little. But of Harding, the man, the American, I know much. And I know that his heart is big and sympathetic."

GARY WONDERS AT BREAD PRICE

Why the cost of a loaf of bread still remains at 12 cents with flour on a steady decline for several weeks is a question being asked by residents of Gary and other cities in the Calumet region.

Although flour has taken a slump from \$2.25 to \$1.90 a barrel, bread still remains at the same figure. Sugar which is also used in bread making has also taken a drop from 22c to 12c and 14 cents a pound, but still the public is paying the same price for bread. Other articles used in the manufacture of bread has also dropped.

According to manufacturers, it is only because wheat has taken a temporary slump and in all probability will soar upward again before the winter months. They are the ones that will reap the advantage of it, however, and not the consumer.

TO MARTINSVILLE

After weeks of suffering from a painful attack of rheumatism, Captain Frank Rouch of the Gary police department, packed his grip yesterday and started a train for the baths at Martinsville, where he hopes to find relief.

MARSH FIRES

A number of alarms were turned in last night asking the fire departments to respond to another large marsh fire which illuminated the skies south of the city, and threatening a number of frame houses and shacks in the Little Calumet river district. The marsh has been burning since Sunday.

DENNOWITZ WILL RETURN TO GARY

Carl Dennowitz, former Gary newspaperman, who since the Armistice, earned a commission with the American Red Cross overseas and has had a wonderful and exciting experience, traveling extensively, through France, Belgium, Italy, Germany and Russia, is expected home before the last of the month.

According to a letter received early this week he sailed last Sunday and expects to reach New York late Saturday or Sunday of this week. He will spend a week or more in New York visiting friends before returning to Gary.

Carl was a member of the first auto mechanic's training detachment at Purdue, Lafayette, Ind., in which a large number of other Lake county boys made their debut in the army. He sailed for overseas in July, 1918, and is the last of them to return home.

LACK OF LIGHT CAUSES INJURY

Falling to place a light of warning on a wagon on which she was returning to her home at Liverpool, nearly cost Mrs. Julia Kaczmarek her life and serious injury last night when an auto hit the wagon and overturned it in the ditch.

The accident occurred on Ridge road. According to the police report the driver of an Illinois car traveling at a high rate of speed was blinded by the lights of another machine and unable to see the wagon crashed into it. Mrs. Kaczmarek is reported to have escaped with few bruises.

ARREST DOG OWNER

A warrant was sworn out in Gary today for the arrest of the owner of a dog which attacked and bit Ralph Dean, 801 Jefferson street as newsboy, while he was carrying papers on Harrison street yesterday evening. Al-

though the wound was not serious, young Dean was taken to a physician and the wound was cauterized.

FIND REAL BEER IN GARY SALOON

"Real beer, who'd a thunk it," was the remark of one of the members of the Gary police department's "sponge squad" as they raided the soft drink parlor of John Bilkevitch at 1055 Adams street and confiscated some 50 bottles of old lager.

Honest injun, it was better than three percent for it was tested at the city laboratories.

WATSON SWITCHES ON LEAGUE STAND

Stands by Lodge in Senate, Record Shows, But Scraps Pact in Campaign

INDIANAPOLIS, Ind., Oct. 12.—Senator Watson's course with regard to the United States senate with regard to Ireland was somewhat inconsistent, according to his recorded votes and seems to have been gauged largely by the proximity of the election.

In 1916 he voted against the Pittman sub-resolution asking the British government to exercise clemency in the treatment of Irish political prisoners, but in 1920—election year—he voted for the Gerry reservation to the League of Nations covenant expressing sympathy to Ireland and admitting that country to the league. When it has attained self-government, Harding voted against both the Pittman resolution and the Gerry reservation and he also opposed another Gerry reservation asking for the independence of Ireland. Watson supported the latter expression.

Stood By Senator Lodge.
In the long drawn out controversy over the League of Nations Watson stood by Senator Lodge, whom Governor Cox has referred to as the "arch conspirator of the world" and supported all of his reservations.

On several occasions he opposed resolutions meaning practically the same as the Lodge offerings. For instance he voted against the Reed substitute providing that the United States should assume no obligations under Article Ten, and against the Frelinghuysen reservation, pledging the United States to assume no obligation to preserve the territorial integrity, or political independence of any other country.

In view of the support Watson gave the Lodge reservations it is manifest that he has completely reversed his previous stand, as he is now stamping Indiana on a straight out anti-league platform.

Although now Watson has adopted the view of Borah and Johnson on the pact, at one time he voted against Borah's reservation providing that the United States should "assume no obligation under Article Ten." He also stood by Harding in opposing a Hitchcock amendment providing that the Monroe Doctrine should not be affected by the covenant.

Watson, whose oratorical powers are well known, also opposed the Underwood resolution limiting debate to one hour and twenty minutes on a bill of resolution and twenty minutes on any amendment.

The Indiana senator along with Harding was not voting when a motion was made to table a concurrent resolution assuring the administration of the support of Congress in dealing with the threatened coal miners strike. Both of these senators voted against the appropriation for the relief of starving Europe following the war.

LIVE NEWS FROM THE TWIN CITIES

IMPORTANT NEWS FOR FARMERS AND HOG BREEDERS

J. A. Ashford, of 3458 Guthrie st., Indiana Harbor, has started to manufacture on a large scale his famous and well known hog remedy, which has been used with great success in Indiana, Illinois and other states. The most obstinate cases of hog cholera have been cured and large numbers of hogs have been saved from

the ravages of this generally fatal disease.

In several cases valuable hogs have been saved after they had been given up. It is the cheapest and greatest insurance against loss from hog cholera on the market, and its quick effect upon the wonderful cures made by the Diamond (A) Hog Cholera remedy is attested by the numerous unsolicited testimonials received by Mr. Ashford from farmers and hog breeders throughout the country.

From 3 to 5 doses is sufficient to give the hog suffering from cholera. Place in with slop and then once a month the Powder to be given twice. The Hog Owners will have meat and no sick hog. This is the trial package, 25 doses for \$2.50. J. A. Ashford, 3458 Guthrie street, Indiana Harbor, phone Indiana Harbor 444-M. 10-8-Seed
